REFERENCE WINTERFEST POSTER

Friday = Anthony

Saturday = Allison

Anthony: In other news we are excited to welcome a new member to our team!

Allison: That's right! We are proud to welcome our new Producer and Editor Channelle Holly. Say Hey to everyone Channlle!

Channelle: Intros Self

Anthony: Channelle is going to help us kick off our 1st topic; Breakfast.

Allison: Transition for Breakfast.

(5mins for breakfast)

- It's the most important meal of the day
- Sometimes you just want a stack of pancakes at 3am
- Some foods that are served at breakfast are eaten throughout the day (eggs, fruit, bread)
- Brunch = breakfast at lunchtime
- Breakfast anytime after noon tastes way better than breakfast in the morning
- I am saying that you should stop eating breakfast after 10:30am
- I just don't really like eating breakfast in general
- Talk about how I had breakfast the other day at noon and it felt like I should have been eating a cheeseburger
- Why would I want to go to taco bell for breakfast, that's weird.
